THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Bristol, in the County of Grafton, in said State, qualified to vote in Town affairs;

You are hereby notified to meet at the Town House, in said Bristol on Tuesday, the twelfth (12) day of March next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose one Selectman for the term of three years, and choose all other necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the year ensuing, and make appropriation of the same.

3. To see what sum of money the Town will raise for the support of Highways and Bridges for the year ensuing, and make appropriation of the same.

4. To see if the Town will vote to raise the sum of eighteen hundred dollars (\$1,800.00), the State Highway Department's estimate for the Trunk Line Maintenance for the year ensuing, and raise the sum of twelve hundred dollars (\$1,200.00), the State Highway Department's estimate for State Aid Maintenance, for the year ensuing, and make appropriation of the same.

5. To see if the Town will vote to ask for State Aid for new construction road, and if so to raise the sum of twenty-two hundred eighty-six and 75-100 dollars (\$2,286.75) and make appropriation of the same.

6. To see if the Town will vote to raise, instead of setting aside from the regular Highway money, the sum required by law, for the purpose of permanent improvement, on some designated piece of Town Highway, as

required by law, and make appropriation of the same. (Sum required to be set aside, under the Statute, is about \$2,000.00.)

7. To see if the Town will vote to raise the sum of one hundred and fifty dollars (\$150.00) for the observance of Memorial Day, and make appropriation of the same.

8. To see what sum of money the Town will vote to raise for maintenance and construction of Sidewalks, for the year ensuing, and make appropriation of the same.

9. To see if the Town will vote to raise, for the purpose of completing payment of the Fire Pumper, the sum of twenty-five hundred dollars (\$2,500.00), and make appropriation of the same.

10. To see if the Town will vote to raise the sum of five hundred dollars (\$500.00), for the purpose of continuing the cost of control of the White Pine Blister Rust in the Town of Bristol, and make appropriation of the same.

11. Agreeably to vote of the Town at the annual meeting, March 8, 1921, to elect five (5) members for the Budget Committee for a term of three years, and fill any vacancies in said committee.

12. To see if the Town will vote to raise the sum of one thousand dollars (\$1,000.00) for improvements on the Mayhew Turnpike, beginning where the work was finished in 1928, and make appropriation of the same.

13. To see what action the Town will take with regard to Band Concerts in the summer time, and to raise and appropriate money for the same.

14. To see if the Town will authorize the Selectmen to rent the Town Hall, to any responsible organization for Basket Ball, providing such organization assumes

responsibility for any damage to the building incidental to such use.

15. To see if the Town will vote to raise and appropriate a sum of money not to exceed twelve hundred and fifty dollars (\$1,250.00) as a guarantee for the salary of a district nurse for the Town of Bristol.

16. To see if the Town will vote to extend the Street Lights one mile south, along the State Highway towards Hill; placing lights at regular intervals. (At present the street lights end at corner South Main and Cross Streets.)

17. To see if the Town will vote to discontinue the Highway, commencing at the junction of the Sunapee Lake Trunk Line Road, at the Stone Water Trough, near the bridge and near the property of the General Heel Corporation; thence across said bridge and northerly through the real estate of the said Heel Corporation, and to the junction or intersection of the said Sunapee Lake Trunk Line Road, said junction near the Cement Bridge on the said Trunk Line Road.

18. To transact any other business that may legally come before said meeting.

Given under our hands and seal this twenty-third day (23) of February, in the year of our Lord nineteen hundred and twenty-nine (1929).

FRANK N. GILMAN,
HARRY Z. JONES,
HERBERT W. NOYES,
Selectmen of Bristol.

A true copy of Warrant—Attest:

FRANK N. GILMAN,

THE NEW STEEL BRIDGE

The new steel bridge across the Pemigewasset river near the Boston & Maine Railroad station, replaces the "Toll Bridge," so called, which was ruined by results of the flood, November last.

The new steel bridge has a span of two hundred and forty feet, width twenty feet over-all, planking nineteen feet, road bed eighteen feet.

The new bridge is raised at the New Hampton end four feet and five inches, and raised at Bristol end eighteen inches. The New Hampton end is now six feet lower than Bristol end.

The structure, including steel and concrete work cost \$34,610.87, but not including the approaches.

The cost of the bridge was paid for from funds provided by the state. There has been no cost of the bridge and foundations to the town of Bristol.

MINOT-SLEEPER LIBRARY—REPORT OF TRUSTEES

To the Inhabitants of the Town of Bristol:

Another year of progress is recorded at the Minot-Sleeper library. The annual reports showed a steady increase in patrons of the library and an increasing interest in its privileges.

One vacancy occurred on the board of Trustees. The death of Dr. G. H. Calley removed a trustee who had served as treasurer since the organization of the library in Dec. 20, 1884. His place has been filled by the appointment of John W. Dole, who has also been made treasurer.

The report of the librarian, Miss Mary A. Rogers, who has given another year of efficient and devoted service, showed the number of books and magazines loaned during the year to be 18,342; of which 904 were magazines; 10,074 were fiction; 4,649, children's books; 2,715, biology, history, etc. Number using the reading room, 3,859. Received from dues and fines, \$62.25.

Over three thousand more loans were made during the past year than during the preceding year, when there was an increase of one thousand over the year before. More and more is the reading room appreciated, as is shown by the fact that during the past two years patrons have increased by over sixteen hundred.

The books of the treasurer, Dr. G. H. Calley, showed that \$473.03 had been expended during the year for books and magazines.

National Book week was observed; books on American Government were given prominence at election time; during the summer there was an exhibition of books by Bristol authors; and a suitable display was

made during Children's Book week. A recent acquisition which is appreciated is the Premier Atlas of the World. Some discarded books have been given to schools and small town libraries. Over one hundred have been rebound. A few books have been donated by individuals and a generous collection was received from the Mary Bartlett estate, given by Philip G. Bartlett.

The age limit of those entitled to take books from the library is now eight years, and the privileges extend beyond the limits of the town to people residing in the nearby towns.

The book committee is giving careful attention to the purchase of new books, with special consideration to requests left with the librarian.

As trustees we propose to increase the efficiency of this library as far as possible. Even small legacies would greatly assist.

Our splendidly equipped reading room is growing in popularity. The town is most fortunate in that the Day-Jackman fund makes such a room possible. The trustees are sincere in their efforts to make the best possible use of this fund for the greatest possible advantage of the largest number. Except the current issues, the magazines are loaned on the library card, as are the books. Still further use is made of the magazines in that many of those out of date, after having served their usefulness here, are distributed in the rural schools or where they are otherwise appreciated. Some of the best are retained and bound for the library shelves.

Magazines to be found on the tables are the best, and include American, American Boy, American Girl, American Forests and Forestry, Child Life, Junior Home, Atlantic, Asia, Century, Christian Century, Current Opinion, Geographic, Woman's Home Companion, Granite Monthly, Harper's, Ladies' Home Journal, Literary Digest, Moody Monthly, Nature Magazine, Our Dumb Animals, Our World, Outlook, Pictorial Review,

Popular Mechanics, World's Work, Youth's Companion, Popular Science, Modern Priscilla, Current History, Scientific American, The Pathfinder, Every Girl, American Home, Good Housekeeping, and others. A few periodicals are contributed by clubs and individuals; but otherwise this reading room is supported by the Day-Jackman fund.

RESOLUTIONS

The Angel of Death entered our ranks Oct. 30, removing suddenly Dr. George H. Calley. Since the organization of this library, Dr. Calley had been a trustee and the treasurer of the Board. For these forty-four years he staunchly supported the library in its every interest, gave unstintingly of his time and energy, and supported its varied activities.

Deeply appreciating his contribution on the Board, be it

Resolved, that a copy of these resolutions be spread on the records of the library and a copy sent to the bereaved family.

WILLIAM C. WHITE,
MARY D. MUSGROVE,

Committee on Resolutions.

Non-Resident Pupils' Tuition

There was received during the year \$1,473.54 for the payment of the tuition of these non-resident pupils, \$200.32 from the elementary pupils and \$1,273.22 for the high school pupils.

1927-28 Seniors

Fifteen pupils were graduated in the class of 1928. Of these, five entered post-secondary schools:

	Pupils
Simmons College	1
University of N. H.	1
Posse-Nissen	1
Copley School of Art	1
Plymouth Normal School	1

Two entered the business world—one in a local office and the other in an office out of the state. Both of these were pupils in the commercial course.

Last June the State Board of Education in an endeavor to select from senior classes of secondary schools the best material for freshman classes of the University of New Hampshire and the normal schools.

conducted a state-wide test. Three tests were given: a general intelligence test, an accomplishment test in English, and one in U. S. History.

The senior class of Bristol High School, among others, was required to take these tests. The results have just been received. The class of 1928 is above the state median in all of the tests given.

	Mental Ability	History	English
State median	106.	46	94.8
B. H. S. median	111.8	50	106.

A more careful examination of the medians of the one hundred and six senior classes participating in this state-wide test reveals the fact that in the English test only six schools had a median higher than that of Bristol High School; in the History test twenty-six had a higher median, while in the intelligence test eight went ahead of Bristol.

Mr. Leavitt, high school agent, of the Department of Education, during his recent inspection of the high school, congratulated the pupils upon the mental ability score and upon the instruction given in the school.

School Costs

School costs are always interesting. The following table, made up of towns comparable in wealth to Union School District, is printed to show what these towns are spending. The figures given are for the year 1927-28. The equalized value is given because this is the real wealth of the towns.

All of the regular teachers returned. Mrs. Watts, who had taught the music for two years, did not feel that she could longer continue the extra work. Mrs. Adams, who recently moved to town, was engaged in her place.

Fire Drills

Fire drills are conducted at frequent intervals. These are given without any previous knowledge on the part of the pupils. Our best record has been about forty-three seconds. The children have learned to go through these with quietness and in an orderly manner. The pupils file out of the building and stand in a line clear of the building. No pupil is allowed to return to the building until the gong is sounded. No attempt is made to carry along any wearing apparel or take anything. The teachers are the last to leave the building.

The figures given are those of the opening of school in September. Since that time five of the high school pupils have dropped out. This leaves in the high school eighteen non-resident pupils.

Grades I and II

Because of an expected large first grade it seemed best to split the first and second grades. This was brought about by putting grades four and five in one room with Mrs. Jones as teacher. This arrangement of combining these two grades will probably be continued for another year.

Visual Education

Visual education has long since passed the experimental stage. Experiments have shown that pupils retain much longer information that they have obtained through the eyes. The high school has for some time been creating a fund to use as seems best. A moving picture machine has been purchased with part of this fund. This will be used in addition to the regular instruction in History, English, and Science. It will also be available for use in the grades.

School Nurse

I hope the time will not be far distant when the schools of Supervisory Union No. 4 will have a full time school nurse. More and more are people trying to prevent epidemics by removing those coming down with the disease. Daily inspection of those suspected and the

prompt removal of those coming down with sickness will do much towards preventing the wide spread of a communicable disease.

I would like to express my thanks to the members of the board for their co-operation.

EARLE P. FREESE,
Superintendent of Schools.

May I call your attention to the enrollment of the present year. The figures which I have given in the "enrollment by schools" show the number of pupils in the three schools at the middle of the year. The total enrollment at this time was thirty-six. The Dolloff and Foot-of-Lake schools appear to be just about holding the same enrollment from year to year. The Profile Falls is rapidly decreasing in numbers.

Repairs

During the summer the school at the Lake was thoroughly overhauled: the windows were changed to improve the lighting; a new hard wood floor was laid; a small white iron sink was installed; the roof was shingled; one end of the entry was made into repository for books and supplies.

This building is now in fine shape. As soon as the new stove which has been purchased is installed it will be a very comfortable place for the children.

School Nurse

I should like again to speak of the importance of a school nurse. Much of the absence during the recent epidemic could undoubtedly have been avoided if a school nurse could have made daily visits to the schools to determine if the pupils were coming down with the "Flu." Isolation of these "suspects" would have done much to prevent the spread of the sickness. The prevailing practice is to watch the children carefully in school and send them home at the first signs and keep them there rather than to close all the schools and allow the pupils to run around freely.

I would like at this time to thank the board for its help and the interest in the schools.

EARLE P. FREESE,
Superintendent of Schools.
